Subject: Commodity Price Increase

Dear Valued Customer,

Kirby is committed to providing you with high-quality products and exceptional service.

Due to recent unforeseen circumstances in economic conditions, we find it necessary to adjust our pricing on some commodity items.

Effective 3 February 2025, the price of standard, fire rated pair coil, annealed copper and silver solder will increase by 7%.

We understand that price changes can be challenging, and we want to assure you that this decision was made after careful consideration.

If you have any questions about this adjustment or would like to discuss how it affects your account, please do not hesitate to contact your Account Manager. To view your new 'Net' and 'List' pricing, please log onto smart@ccess at <https://smartaccess.kirbyhvacr.com.au/>.

Please note that all quotations remain valid for thirty (30) days.

Thank you for your understanding and continued support.

Kind Regards,

Louie Delinicolis
